Organiser: Will Barnard 07747 647921

Refreshments: Hot drinks and rolls at Strand Cafe

Access Points to River - Collect map on the day for location of steps and sections

Notes:

This annual fishing match is part of Tidedfest – a celebration of the recreational importance of London's River. There will be paddleboarding, kayaking as well as foreshore walks taking place at the same time but we have asked participants to give anglers a wide berth where possible. There will be around 40 pegs across two zones at Strand on the Green and Barnes. This year we are using the continental payout system with the Top Four prizes alternating by zone to give more anglers a better chance of making the frame.

We are extremely fortunate in having generous sponsorship of **£1000 from Thames Water** which enables us to offer such attractive prize money.

All stretches have a good head of roach, dace and bream. Be warned that carp are present – so don't fish too light - along with bass, flounder, mullet and even the occasional seatrout. **All species are eligible apart from eels which must be returned immediately by law.**

Waders are essential and **wading up to thigh depth only** is allowed within the confines of your peg. The use of an easily moveable platform or tripod is advised as you will be following the tide down during the match and the gravel is extremely hard to position a bankstick. Tying your keepnet to your platform or tripod is a good ploy and will save time when moving.

As you move down with the tide please try and maintain the distances from the adjacent pegs

The river usually fishes well at this time of year and we are expecting some good weights. A photographer will be present and the media have been notified.

Angling Times columnist Keith Arthur has kindly agreed to help us out with the prize giving – unless of course he wins! We hope you have a great match on this great river

Good Luck !
