

Virtual Fisheries Forum 30/11/2022 (Alternative Funding Streams For Angling Clubs & Fisheries).

Q&A session

Q. Is there a list of where to go for funding?

A. (Andy) In terms of council funding it is a case of reading through the blog I wrote recently [AVAILABLE HERE](#) . Simply googling sports club grants & funding opportunities in your area can give results but if you contact me I can have a look myself for you.

Q. We were lucky enough to get an EA Grant for a desilting project two years ago... after having one grant can you apply for another grant for another project?

A. (Andy) Yes you can apply for another grant if you have already been successful with a previous application. That is the case for all funds, not just that of the EA.

Key contacts from this forum meeting:
