- 25 days holiday (plus public holidays) later rising every year up to 28 days
- Laptop and mobile phone as well as any mileage, expenses, and TOIL

Who we are

The Angling Trust is the national governing body in England representing fishing—one of the country's largest participation sports. We are a not-for-profit organisation with a mission to fight for fish, fishing, and the environment—creating opportunities for all within society to experience fishing in a healthy aquatic world.

We collaborate with Fish Legal, a separate membership association that uses the law to protect the rights of its members throughout the UK whilst fighting pollution and damage or other threats to the water environment.

This is an exciting opportunity for you to join a team responsible for making huge progress towards the successful integration of migrant angling communities in England.

Want to join us?

We believe a diversity of backgrounds, experience, and opinions builds the strongest team, so we encourage those from under-represented groups to apply—we are members of the Sporting Equals Charter and we're actively participating in the Sport England sponsored Inclusive Employers development programme.

Email our HR Manager, Mattelynn Romano, at people@anglingtrust.net to apply directly or to arrange an informal chat about the role.

When applying, please submit your detailed CV and an informal covering letter with a bit more about how you will add to the mix of our Building Bridges team with your skillset, perspective, background, or thinking style—and how you might be just what we've been looking for!

If you don't tick every box, but you feel this role is for you—we'd still love to hear from you.

Please only apply if you have the right to work in the UK as well as a driving licence and access to your own vehicle.

We take your privacy seriously and will only use your personal information to administer your application for this role—we will never pass your details onto a third party.
