

## Appropriate category of Enhanced DBS check in respect of Event Support Volunteer training/activity

Angling Trust will process the appropriate check for Child workforce in the role of Angling Coach. (Not all Enhanced Disclosure certificates will be appropriate, and Basic/Standard DBS checks are not suitable.)

Please note that it may not be possible to accept Enhanced Disclosures undertaken through other organisations.

Nobody can DBS check you without your permission and input, so it's important that you respond to communications about arranging such checking .

A potentially compatible Enhanced Disclosure **would need to meet ALL the following criteria** before Angling Trust can arrange for assessment by the Lead Safeguarding Officer:

- ▶ must be for Child workforce only (must not include Adult workforce or Other workforce);
- ▶ must be for the role of sports coach, teacher or similar (for example not nurse, solicitor or taxi driver);
- ▶ must be linked to a current Online Update Service subscription.

### IMPORTANT

For [those whose role is voluntary](#), *(click link to view details)* DBS waives the usual £49.50 charge for an Enhanced check. For your Event Support Volunteer training, the cost of processing the check is covered by your course fee.

However such a DBS Disclosure certificate **must not** be used for similar activities for which you charge or receive a fee, wage or salary. If you should later take on a similar role on a "for pay" basis, your employer would need to process a new check for you at the prevailing rate.
